

**We are open and want
you to feel safe at the Impact Hub.**

CURRENT SITUATION >>

A modern meeting room with white tables, yellow chairs, and a projector screen. The room has a wooden floor and a white wall. A projector screen is visible in the background, displaying some text. The room is well-lit and appears to be a professional workspace.

We want you to feel safe at the Impact Hub and be able to focus on your work and other projects.

We are open for you
during our regular opening hours.

We modified the space to allow everyone
to comply with the government measures.

Respirators and other space rules

Signs and directional boards have been set up throughout the space to help you navigate the rules.

We wear respirators when entering the premises and moving around the common areas.

We keep a safe distance of at least 2 metres.

Hand sanitizer is available at the entrance and throughout the space. We regularly disinfect all surfaces.

We use antibacterial soaps and disposable paper towels.

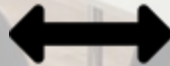

We only offer durable and individually packaged refreshments at the bar.

A thermometer is available at the info desk, and if you forget your respirator, we will give you one.

Work areas and meeting & conference room rentals

Desks are spaced at a safe distance of at least 2 meters apart in all work areas.

If you do not feel 100% healthy, please be mindful of others and stay home for a few days.

**If you have any questions,
feel free to contact us.**
